IN PERSON

September 19th.

Old Tech Going To Waste?

Starfish Nicaragua is asking for good working used Laptops to take to Nicaragua for the students going on to further education.

Note: When we first went to Nicaragua not a single pupil at the school had gone to further education, now we have University and College graduates among those we helped!

Let's keep it up!

Peach Update: Many thanks for everyone's help. We are committed to do 50 pails next year (that will be 75 boxes same as this year), but, good news - we no longer have to wash or store the pails!!
